PRODUCT AND CUTOUT DIMENSIONS

* minimum dimension to be grante

It is very important to keep 2 3/4″ (X) distance between the cooktop and the oven.

CAUTION: If the product is installed above a single oven manufactured by Bertazzoni, the clearance of 2 3/4" specified in this manual may be disregarded. This exception applies exclusively to Bertazzoni single ovens and not to other brands. The exception is permitted because the product has been tested for safe installation with Bertazzoni single ovens. See the Bertazzoni design guide and the installation manual at us.bertazzoni.com or ca.bertazzoni.com
