36" CONTEMPORARY INDUCTION COOKTOP

CI36560C/B

FEATURES

17 power settings with half-step increments provide exceptional precision, while temperature-based Simmer, Melt, and Warm modes automatically regulate heat for consistent results

Intuitive, full-color LCD touchscreen controls are sleek and easy to use

Boost Mode delivers rapid heat for lightning-fast boil times

Bridge two cooking zones into one larger surface for induction-capable griddles, open roasters, and fish poachers

Frameless design installs flush against countertop for a clean contemporary look

Sleek black glass surface resists scratching, staining, impact, and heat

Consistent, precise control and nearly instantaneous temperature response

More efficient heat transfer—energy is supplied directly to the cookware

Cooktop controls automatically lock when not in use for increased safety
