24” OVER THE RANGE MICROWAVE

INSTALLATION DRAWING

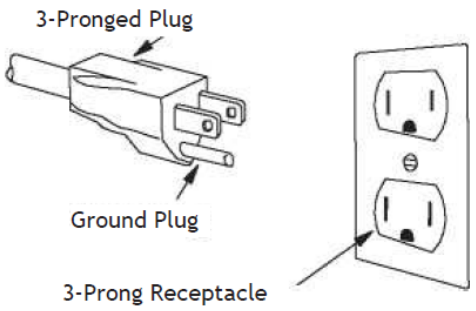

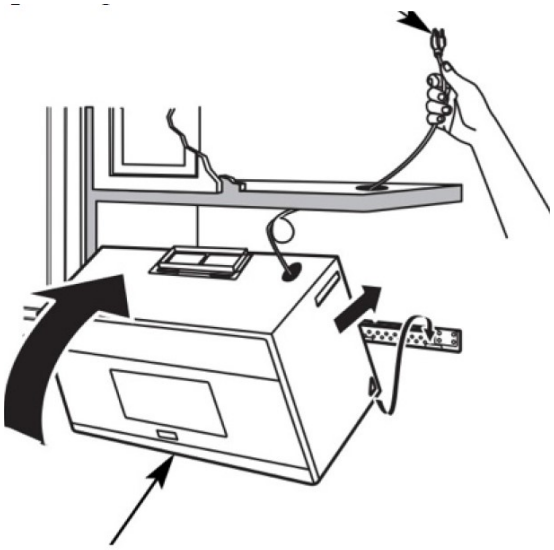

Depth with open door: 40"

ELECTRICAL CONNECTION

The Power Supply Cord and plug must be connected to a separate 120 Volt AC 60 Hz, 15 Amp or more branch circuit, single grounded receptacle.
The cord has a 3-pronged plug and must be installed into an outlet that is properly grounded.
The electrical receptacle must be within the minimum cord length of 39” 3/8

Bertazzoni recommends to operate the appliance after it has been installedin a cabinet. The kitchen cabinets shall be made of materials capable of withstanding temperatures at least 117°F (65°C) above room temperature in order to avoid possible damage to the cabinets during oven usage.

For further installation instructions refer to the installation manual.

For full installation details and requirements consult the installation manual
