PROFESSIONAL SERIES
30" COMBINATION WALL OVEN IN STAINLESS STEEL
MAIN OVEN WITH STEAM ASSIST, SELF-CLEAN AND BERTAZZONI ASSISTANT

Combo Oven for Maximum Versatility
The Combo includes a combination of a traditional oven in the main cavity with a microwave speed oven microwave in the upper cavity. This innovation provides users with all available cooking techniques, ensuring maximum flexibility in the kitchen. With the Combo oven, users can efficiently switch between traditional baking, roasting, and rapid microwave cooking, optimizing time and enhancing meal preparation possibiliies.

Steam Assist Cooking for Superior Results
This function enhances cooking by integrating steam into traditional baking and roasting, with three adjustable intensity levels. It delivers crispy exteriors and tender, perfectly cooked interiors while preserving naturall flavors and nutrients. The removable 1L water tank, conveniently located in the door, allows for easy refilling and maintenance.

Bertazzoni Assistant with integrated Food Probe
This cooking assistant streamlines meal preparation by managing settings based on selected recipes. The wired food probe guarantees precise internal temperature control, allowing users to choose their desired doneness level for meats, ensuring optimal flavor and tenderness.

Expanded Capacity and Enhanced Installation Flexibility
The newly designed oven offers a spacious 4.8 cu.ft. cavity, increasing capacity by 17% compared to previous models. The microwave has also been expanded to 1.6 cu.ft., a 23% increase.

Enhanced Full Touch TFT Display
The 8.8-inch high-resolution display snures effortless navigation, featuring an intuitive interface that guides users step by step through cooking functions. This seamless user experience makes even the most advanced cooking techniques accessible to all.

PRODUCT FEATURES
