FEATURES & BENEFITS

The Perfect Pour

With dynamic cooling technology and frost-free operation, you can ensure beer is kept cool at your preferred serving temperature. The double-insulated stainless steel tower reduces foam, for a consistently perfect pour.

Easy To Clean

An integrated drain system keeps spillage under control, and removable components make for easier cleaning.

Quality Materials

Designed for outdoor use and built to last, an anti-scuff interior floor shield and stainless steel threshold protect against cabinet wear and tear from loading and unloading kegs.

Audible Alarm

Receive audible alerts when the door is left ajar, and at high or low temperatures, to ensure your contents remain at an optimal temperature.

Safe And Secure

Your beer dispenser has a door lock for added safety and security – a must have for storage outside.
