# FEATURES & BENEFITS

#### The Perfect Pour

With dynamic cooling technology and frost-free operation, you can ensure beer is kept cool at your preferred serving temperature. The double insulated stainless steel tower reduces foam, for a consistently perfect pour.

#### **Dual Tap**

Dual taps allow you to dispense two different beer kegs at the same time, for flexibility and choice.

#### Easy To Clean

An integrated drain system keeps spillage under control, and removable components make for easier cleaning.

## **Quality Materials**

Designed for outdoor use and built to last, an anti-scuff interior floor shield and stainless steel threshold protect against cabinet wear and tear from loading and unloading kegs.

#### Audible Alarm

Receive audible alerts when the door is left ajar, and at high or low temperatures, to ensure your contents remain at an optimal temperature.

#### Safe And Secure

Your beer dispenser has a door lock for added safety and security – a must-have for storage outside.
