QUICK REFERENCE GUIDE > BGC30-BQ-N

30" Series 7 Grill, Natural Gas

Series 7

DCS Outdoor Grills are simply the most advanced grilling system available for on-cart or built in applications. At DCS we combine the latest grilling technology and innovation to deliver the ultimate in outdoor cooking performance and control. Every DCS Grill is handcrafted and constructed entirely of heavy gauge type 304 stainless steel. Available in Natural and LP Gas.

DIMENSIONS

Height 24 1/4 "
Width 30 "

Depth 26 5/8 "

FFATURES & BENEFITS

Stainless Steel Burners

The precision ported U-shaped stainless steel burners are rated at a massive 25,000BTU each, offering premium quality and performance. A heat shield directs heat upwards maximizing heating efficiency.

Ceramic Radiant Technology

A layer of ceramic rods provides intense yet even heat. It gives a consistent grilling surface, with controlled heat rather than direct fire.

Precise Heat And Control

A DCS Grill puts you in control of up to a massive 50,000 BTU per hour total power. That power lets you choose the precise heat you need from a low and slow 300° up to an intense 1100°. DCS Grills do more than help you grill an incredible steak, you can close the specially designed hood and use the power of convection to cook the perfect pizza. DCS Grills put you in control, giving you the versatility to cook what you want.

Drip Pan

DCS Grills feature a removable drip pan, conveniently located in a slide-out tray to allow for easy cleaning.

Full Surface Searing

This grill features full surface searing, rather than uneven hotspots.

Real Steel - Inside Out

Assembled by hand from heavy duty 304 stainless steel, inside and out, DCS Grills are built to handle most everything Mother Nature can throw at them.

SPECIFICATIONS

Accessories (sold separately)

Built-in grill cover ACBI-30
Hybrid IR burner TEST
Insulated jacket BGB30-IJS (optional)
On cart grill cover ACC-30
Optional cart mount CADI-30 / BGB30-CSS

Burners

Number of U-burners

Cooking Surface Area

Primary cooking area 553 sq.in.

Total cooking area 748 sq.in.

Warming rack area 195 sq.in.

Features

Full surface searing

Ignition system

Spark

Warming rack

Finish

Material

stainless steel
Weather resistant

304 grade
