24" Series 7 Box Chimney Wall Range Hood

Series 7 | Contemporary

Stainless Steel and Glass

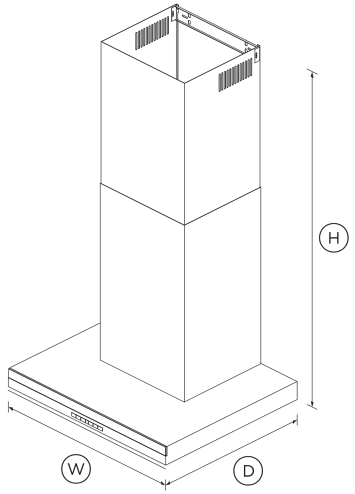

The wall chimney range hood has contemporary styling, extracting steam, grease and cooking odors quietly and efficiently.

- With four fan speeds, select the perfect extraction rate for your cooking
- Energy-efficient LED lighting to illuminate your cooking surface
- Powerful 600CFM maximum airflow

DIMENSIONS

Height	23 3/4 - 41 1/16 "
Width	23 9/16 "
Depth	19 11/16 "

FEATURES & BENEFITS

Simple Controls

This Fisher & Paykel chimney range hood features a sleek and easy to use soft-touch control panel. This range hood's LED lights provide bright, warm, energy efficient lighting ensuring the entire cooktop surface is illuminated.

Easy Cleaning

The black glass and stainless steel finish is easily wiped clean. Multi-layered, dishwasher safe filters trap grease effectively and can easily be removed for cleaning.

Complementary Design

This wall chimney vent hood's sleek stainless steel finish will complement any contemporary kitchen and is designed to match the rest of Fisher & Paykel's kitchen appliance family.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
