FEATURES & BENEFITS

Performance Power

Precise cooktop controls let you sear or stir fry over instant, powerful heat. Use the high burner power or simmer a delicate sauce using the gentlest of heats.

Design Quality

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop grates and machined stainless dials all add up to an exceptional, premium range.

Large Capacity

The large 4.9 cu ft capacity for this range gives you plenty of space to cook multiple dishes at the same time.

Easy Cleaning

With its durable surface, your cooktop simply needs a quick wipe after cooking to keep it looking good as new for years to come.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
