

# BIM350KDISP

76.25" x 23.25" x 32.75" (H x W x D)

ENERGY STAR certified commercial ice machine with 350 lb. clear cube production featuring an ice dispenser

**Highlights:**

22" width is perfect for bars, hotels, and other commercial settings

Commercial ENERGY STAR certification

Ice dispenser provides quick access to ice and reduces the chance of contamination

**Product Features:**

|                                              |                                                                                                                                     |
|----------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------|
| Commercial Ice Machine With An Ice Dispenser | Commercially approved clear cube icemaker with an ice dispenser ideal for use in restaurants, bars, break rooms, and other settings |
| ENERGY STAR certified commercial performance | Efficient performance for commercial use                                                                                            |
| Commercially approved                        | ETL-S listed to NSF-12 commercial standards for use in foodservice settings                                                         |
| Large production capacity                    | Can make up to 350 lbs. of clear ice cubes in a day cycle and store up to 130 lbs.                                                  |
| Generous storage space                       | Interior holds up to 130 lbs. of ice                                                                                                |
| Ice dispenser                                | Attached ice dispenser provides easier access to ice and reduced the spread of contaminants                                         |
| Full bin sensor                              | Automatic sensor alerts when bin is full and stops ice production to prevent overflow                                               |
| Clean function                               | Clean mode allows you to periodically clean the system as needed with a neutral detergent                                           |
| Air filter                                   | Removable mesh filter located in the rear of the icemaker makes it easy to keep the condenser clean                                 |

# BIM350KDISP Specifications:

| Overview                   |                     |
|----------------------------|---------------------|
| Nominal Height             | 76.0" (193 cm)      |
