# HRTX18W

4" x 18" x 12" (H x W x D)

18 inch wide under cabinet retractable range hood for ductless use in white, made in the USA

## Highlights:

Designed and manufactured in the USA

Low profile 4" height for easy integration in your kitchen

Engineered specifically for recirculating (ductless) ventilation

## Product Features:

| | |
|---|---|
| 18" Wide Retractable Recirculating Range Hood | Slim-fitting low profile range hood ideal for apartments and other small kitchens |
| Premium design for luxury kitchens | Retractable filter blends in seamlessly with cabinetry when not in use for an elevated kitchen look |
| Low profile 4" height | One of the slimmest under-cabinet hoods in the market, creating a minimalist look that takes up less vertical space than the competition |
| Designed for ductless operation | The industry's first range hood specifically made for efficient filtration in recirculating applications with no access to exterior ducting |
| Made in the USA | Designed and manufactured by Summit in the USA, complete with American steel for lasting durability |
| Improved filtration with smoother airflow | Unique cross-flow fan moves up to 40% more air through the filters than standard hoods converted to recirculating mode |
| Angled airflow keeps smoke away from user | Vents are set at a slight upwards angle, ensuring smoke and odors won't be directed towards the home cook |
| Quality construction for long-lasting use | Metal ball-bearing glides, innovative cross-flow fan, and steel materials to ensure efficient use for years of reliable ventilation |
| Two-speed fan for versatile ventilation | High and low settings to accommodate heavy and light levels of cooking activity |
