

# SINCH230V2B

1.88" x 11.38" x 20.5" (H x W x D)

ENERGY STAR certified 3600W 208-240V 12" wide 2-zone built-in induction cooktop in black glass with touch controls and 30-minute auto-shutoff feature

### Highlights:

- 3600W of cooking power with boost functions for both elements
- 30 minute auto shutoff prevents unsupervised heating
- Intuitive touch controls for easy and precise temperature control

### Product Features:

|                             |                                                                                                                                                                                           |
|-----------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 2-Burner Induction Cooktop  | Smooth-top glass cooktop ideal for hotels, apartments, and other small kitchen spaces                                                                                                     |
| ENERGY STAR certified       | Rated by the DOE to perform with more efficiency than federal standards require, saving your unit energy and you on higher utility costs                                                  |
| Safety First Cooktop series | Specially designed to ensure maximum guest safety with several protective features included                                                                                               |
| 30-minute automatic shutoff | Burners will automatically turn off after 30 minutes of inactivity, helping to prevent unsupervised heating                                                                               |
| Extended warranty           | 3-year warranty for parts & labor                                                                                                                                                         |
| Induction heating           | Electromagnetic heating technology where heat is generated inside your cookware, ensuring a more efficient process with less energy waste, faster heating, and a safer cooking experience |
| Smooth glass surface        | Easy cleanup and elegant style on a smooth ceramic glass surface in a jet black finish                                                                                                    |
| Large rear element          | 8 1/4" element operates at 2000W (with a 2600W capacity at the boost setting) for fast, powerful heating                                                                                  |
| Standard front element      | 6 1/4" front element operates at 1500W (or 2000W using boost) to cover most general cooking needs                                                                                         |

SINCH230V2B Specifications:

| Overview                   |                  |
|----------------------------|------------------|
| Nominal Height             | 1.88" (5 cm)     |
| Height of Cabinet          | 1.88" (5 cm)     |
| Nominal Width              | 12.0" (30 cm)    |
| Width                      | 11.38" (29 cm)   |
| Nominal Depth              | 21.0" (53 cm)    |
| Depth                      | 20.5" (52 cm)    |
| Cabinet                    | Black            |
| US Electrical Safety       | ETL              |
| Canadian Electrical Safety | ETL-C            |
| Amps                       | 15.0             |
| Voltage/Frequency          | 240 V AC/60 Hz   |
| Weight                     | 14.0 lbs. (6 kg) |
| Parts & Labor Warranty     | 3 Years          |
| UPC                        | 761101144924     |
| Induction Cooktop          |                  |
| Application                | Built-in         |
| Heating Type               | Induction        |
| Surface                    | Glass            |
| Number of Elements         | 2                |
