# KG36X

## 36" WALL MOUNT - GLASS FRONT HOOD

Complete your Bertazzoni kitchen with this modern and powerful range hood.

Choose among 3 extraction airflow speed with booster function, reaching a maximum flow performance of 600 CFM (cubic feet per minute).

Reduce airflow down to 300 CFMs with the digital flow-through restrictor.

Easily control all the hood functions with ease using the touch-through-glass user interface.

Enjoy powerful illumination of the cooking surface with the long lasting and bright LED lights which also don’t create additional heat and are energy efficient.

Filter out odors and grease with the stainless steel mesh filters which can be easily cleaned periodically in the dishwasher or by hand.

This hood includes a telescopic duct cover reaching up to 9' high ceilings. Use the optional extension 901562 for taller ceilings.

The hood comes standard for venting outside the kitchen but, can be easily modified for recirculation by installing the optional charcoal filter kit.

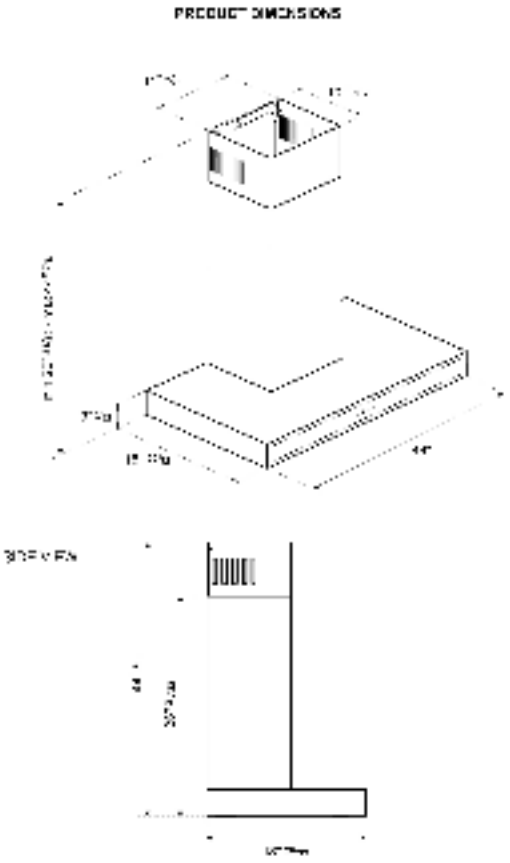

Designed with pride by Bertazzoni in Italy.

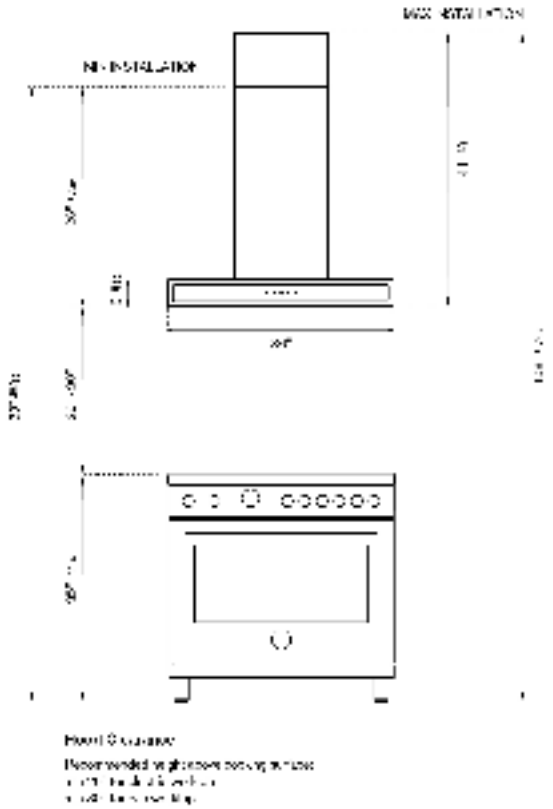

Industry leading 2 years parts and labor warranty.
