Dimensions and Installation Diagrams

NOTE

This dishwasher is designed to be enclosed on the top and on both sides by a standard residential kitchen cabinet unit.

The installation cabinet must be clean and free of any obstructions.

The cabinet must be at least 24 inches wide, 24 inches deep, and 34 1/8 inches high.

For the front door of the dishwasher to be flush with the leading edge of the counter top, the counter top must be at least 25 inches deep.

Ensure the water supply line, power cable, and drain hose are arranged within the designated space behind the dishwasher.
